## MEMORANDUM OF UNDERSTANDING

SUBJECT: Military Personnel Mobilization Requirements for DD/A Group

1. A letter to the DCI from the Adjutant General, Department of the Army, dated 19 November 1954, and received in the Office of Personnel 7 December 1954, informed CIA that the Department of the Army is currently preparing the mobilization troop program for Army Mobilization Plan IV (AMP IV). This letter also requests that CIA submit estimated CIA military mobilization requirements in "bulk" for M-Day through M plus 15 months by 10 December 1954; and that tables of distribution, including MOS structure, be submitted not later than 5 March 1955.

2. Recognizing that the Agency's war plans have not progressed sufficiently to prepare accurate military requirements at this time, but recognizing, also, that it is to the advantage of CIA to prepare at least a preliminary bulk estimate so that AMP IV will reflect the best estimates under the circumstances, the DD/A Office agrees that the Office of Personnel should include in the overall Agency mobilization requirements their current military authorizations plus the DD/A group active reservists now on duty, comprising an estimated preliminary total of approximately [REDACTED] military personnel. 25X9A2

3. The above preliminary estimate is based on the assumption that the headquarters personnel will, except for reservists and current military authorizations, remain predominantly civilian in nature upon mobilization.
